

Previously the *Australian Geoscience, Minerals and Petroleum Thesaurus*,

Geoscience, Minerals & Petroleum **THESAURUS** **(GeMPeT)**

A tool that can be used to identify index terms for your corporate information

- GeMPeT contains over 9,000 terms relating to the geoscience industry
- Over 500 new terms have been added to the existing thesaurus
- A total review and revision of the taxonomy structure has occurred

Further information about GeMPeT, including sample pages, is available from www.chartedinfo.com.au.
